Construction on ND Highway 2 in Minot to begin May 15

Construction is scheduled to begin Wednesday, May 15, on ND Highway 2 in the east bound lane starting at 55th Street Southeast and ending about 2 miles east of Granville. This project consists of pavement overlay, rumble strips and new pavement marking. This project will result in a smoother ride for motorists.

During construction:

- Speeds will be reduced to 60 mph in the work zone
- An 11-foot width restriction will be in place
- Flaggers will be used
- Oil may be present on roadway

Work is expected to be completed in July.

Help prevent work zone crashes. Motorists are encouraged to slow down, allow extra distance between their vehicles and the vehicle in front of them, use caution and obey flaggers and posted signs.
